Reasons for contracting this specific course and how work fits with your future goals and Honors thesis topic:

**Honors contracts require both quantitatively and qualitatively more work from the student, usually 10-15% additional effort beyond standard course requirements, and must include additional reading, writing, researching, and presenting appropriate to the course. The student and instructor must meet regularly outside of normal class meetings to discuss the Honors work. Ideally, this should be every other week for at least 30 minutes.**
